Thank You

Note: The entire school, Wildcat Ringers, and Wildcat Singers will participate in the 10:45am service. Students are asked to wear their school chapel uniform.

What would you do with \$100 dollars? It's time to find out. Parents who remit their comprehensive fee now will save \$100 per child with the Early Bird Discount. Parents who wait nine more school days will pay the regular comprehensive fee.

And now on to a totally different topic... It's that time of year again. Christmas occurs, allowing children to play with distant third cousins twice removed who may or may not have spread a little more than Christmas cheer...FLU and LICE. At this time, we have had no word from our teachers or parents of cases of flu or lice in our classrooms. January/February is always prime time for proactive schools to conduct extra cleaning and conduct a school wide lice check as they seek to keep each child healthy and safe from a potential outbreak. Extra cleaning and lice checks are a lot of work for our staff, but our students health and safety must remain a top priority. Just to inform you, our school conducts several random lice checks throughout the school year, next week will be one of those weeks. To confirm, there have been no cases reported of flu or lice at ORLS in 2019. We are doing our best to keep it that way.

In God's Grace,
Corey Moss

Colonel Williams holds the second longest record for days in space. He is also the author of a beautiful book, a collection of photographs he has taken from the space station, along with commentary and connections with Scriptures about the creation, entitled “The Work of His Hands: A View of God’s Creation from Space.” After his presentation on Saturday evening Colonel Williams will sign books. Please plan to attend—it will be a blast!
